North North Carolina — Partly cloudy Tuesday, showers and cooler in the interior; Wednesday fair, variable winds.

A traveling man has to make himself at home whether he is at home or a thousand miles from home.

The Boston Transcript is giving "Advice to College Graduates" just as if the boys don't know it all.

The Washington Post keeps on kicking against fiat money, just as if it isn't doing its best to keep up with any other variety of the tainted.

"Everything is ripe for municipal ownership in Chicago," says Mayor Dunne. Ripe? That is what every politician with a pull likes to hear.

Some of the Filipino officials at Manila are mixed up in a corrupt gas deal. It is just too cute how benevolent assimilation is Americanizing the Filipinos.

"A bigamist," says a legal author, "is a man who has more wives than one." Some men who have one wife two many don't come within the definition.

The Philadelphia Press while moralizing on Sunday repeated that "a man's sins will find him out." So will his wife, about the same time, if he is a married man.

Many barrels and boxes of garbage may be seen on the streets, and more may be found in yards and alleys. Isn't this a menace to the health of the city? And have not the tax-payers the right to demand that the Board of Aldermen have this filth removed?

Says the Chattanooga Times: "A correspondent wants to know "how municipal ownership would really work." We hate to butt in but that correspondent needn't worry about municipal ownership's having political overseers enough to really work it for all it is worth.

AT PRETTY LUMINA.

Bowling Alleys are Popular at Delightful Wrightsville Resort.

The bowling alleys at Lumina are becoming all the rage. They are not only the best alleys that can be bought, but they are the most delightfully located on the beach, where a stiff ocean breeze reaches them at all times.

Large crowds of ladies and gentlemen congregate at Lumina nightly to take part in the great sport. The soda fountain is in close proximity where one may get either a sparkling drink or ice cream.

The alleys can be secured at a nominal cost by bowling parties for the evening. If exclusive use of the alleys for the evening is wanted, they must be engaged in advance, as they are in great demand.

CARS IN COLLISION

Wreck on Surburban Line Early Yesterday Evening Just Outside the City

A NUMBER SLIGHTLY HURT

Little Daughter of Mr. and Mrs. E. C. Holt Most Severely Injured—Cause of Accident Being Investigated by Company.

Suburban trolley cars Nos. 31 and 33, both crowded with passengers, the one bound to and the other from Wrightsville Beach, were in head-on collision a few minutes after 7 o'clock yesterday evening on the west end of the reverse curve, just beyond the car barns of the company at Ninth and Orange streets, and just outside the city limits proper. A score or more persons were slightly injured, receiving bruises and being cut with flying glass from some of the windows and the vestibules, while the fronts of both cars were more or less demolished. Fortunately neither car left the rails, and none of those injured are believed to be seriously hurt. Loris, the little daughter of Mr. and Mrs. E. C. Holt, 7 years old, of this city, was perhaps the most severely hurt, being thrown against the back of a seat and bruised about the face, but it was stated last night that the child was doing very well. She bled profusely from the nose, and had a bad contusion over the eye, but it is not thought the injury will be at all permanent. Her parents were on the car at the time and ministered to the little one in every way possible.

A colored man employed by the Bell Telephone Co., was struck in the face and suffered the loss of several teeth, but his injuries are not regarded as serious. The other injured received bruises about the limbs and some of those nearest the front of the cars were slightly cut by flying glass. A number of ladies on both cars received severe nervous shocks and were attended by their physicians upon reaching their homes in the city.

The cars in the wreck were No. 31, in charge of Motorman J. A. Hines and Conductor E. R. McGowan, bound from the beach, and No. 33, in charge of Motorman J. T. Moore and Conductor C. E. Bell, bound to the beach, having left Front and Princess street junction at 7 o'clock. At Tenth and Princess streets, while rounding the sharp curve there, the trolley of the Wilmington car flew off and from three to five minutes was lost. Meantime the car from the beach came on, and at the turnout just this side of Delgado, instead of waiting for the approaching car, No. 31 came on toward the city, the motorman apparently having failed to note that he had not passed the Wilmington car on the double track as usual, and having failed to wait at the turnout for No. 33 as required when the approaching car is late. Motorman Moore saw the approach of 31 and, though he had the right of way to the turnout, he blew his whistle vigorously and applied the brakes, coming to a standstill within about 50 feet of the approaching car. Either because the sun was in his eyes, his brakes could not stop the momentum of the car, or he lost his presence of mind, Motorman Hines drove No. 31 forward as if the other car was a mile away. Motorman Moore saw the impending crash and jumped with a number of the passengers as soon as 35 stopped. Motorman Hines stood at his controller and miraculously escaped injury, though the vestibule of his car was not nearly so completely demolished as the car which had been stopped. Had Motorman Moore and others on the front end of his car remained on the platform they would certainly have been killed or been very seriously injured. All the machinery was knocked away and the platform smashed in to the very door of the car. The other car rather rode up on the front of 33, and being heavier was least damaged. The impact was terrific, the force of it having been heard as far as Seventeenth and Market streets and the lighter car having been knocked back toward town the distance of half a block. There was a slight embankment on either side of the track, and two deep ditches. If the cars had left the track there would most certainly have been great loss of life.

As soon as the car people had collected their wits, No. 35 car was brought out of the shed and the frightened and injured passengers to the number of over a hundred, were brought back to the city or transferred to another car to continue their trip to the beach.

Among those on the car going down were Messrs. Iredell Meares, R. Moore, James Northrop, E. Craft, Robert H. Morris, Rev. J. Marvin Culbreth, Mr. Wm. H. Sprunt and his guest Rev. R. P. Smith, Presbyterian Synodical agent, Mr. Martin Daniel and a large number of ladies. On the car from the beach were Rev. Fred. D. Hale, D. D., pastor of the First Baptist church, Dr. T. S. Burbank, Dr. Thomas, Col. H. C. Dockery, of Rockingham; Mrs. Vance Norwood and children, Mrs. John R. Williams Mr. and Mrs. Holt and child, and a number of other ladies and gentlemen. The report that Rev. Father C. Dennen was one of the passengers, and had been badly hurt was erroneous, a fact upon which many of his friends called him up at the parochial residence last night and congratulated him.

General Manager Skelding, of the Consolidated Company, when asked last night as to the regulations governing traffic on the suburban line quoted from the rule book supplied to employes as follows:

"I. 29.—Trains will wait on turnouts until the arrival of the train scheduled to pass at that point or they shall have received orders to proceed to the next turnout. If no car is in sight, after waiting three minutes, call up main office or ticket office for instructions.

"I. 30.—When more than one car is operated on the same schedule, the first car must not enter the turnout until the car following is in plain sight."

Mr. Skelding said that while a car is technically in charge of the conductor, it is the motorman's duty to know whether or not a car has passed; that on cars passing each other, motormen are required to blow two sharp blasts of their whistle to attract the attention of each of the mortormen.

Motorman Hines has been in the employ of the company about a year, and on the suburban line since last March. He has always been a faithful, painstaking employe, sober, reliable and has never had an accident before.

Numerous wild reports of the consequences of the wreck preceded the investigation by the street car officials and the facts in the case were hard to obtain. It is confidently believed, however, that the results will not be serious in the case of any of those injured.

THEY READ JESSIE JAMES.

Evil Effect of Bandit Hero Literature and Picture Show.

In connection with the recent arrest of the Mason boys and young Guthrie, charged with highway robbery on the East Wilmington road, it is related, as a matter of fact, that their undoing is traceable to an indelible impression made upon their minds at a recent moving picture exhibition of the exploits of the James boys in Missouri at a recent carnival in this city, accentuated by the reading of numerous dime novels detailing the deeds of daring of bandit heroes all over the country. The boys were nightly in attendance upon the moving picture exhibition spoken of, and very soon thereafter were possessed with a consuming passion for the cheap literary trash so common in every neighborhood. Since then, witnessing the moving picture show and their introduction to the outlaw series of the ten-cent novel, the mother of the Masons boys is quoted as having said she could do nothing further with them. They went at everything with reckless abandon and, it is said rigged up a Jesse James show of their own at their house in the southern part of the city.

The boys will be tried at next week's term of the Superior Court.

IMPERSONATED AN OFFICER.

Frank Cumber, White, Given 30 Days —Police Court Yesterday.

Aside from several counts of vagrancy, the only matter of interest in the police court yesterday was the case of Frank Cumber, a young white man, charged with an assault and battery upon Ed. Shepard, also white. The evidence of Mr. Shepard was that young Cumber impersonated an officer at Seventh and Castle streets Saturday night, and laid hands upon Shepard to arrest him. Knowing that Cumber was not an officer, Shepard pulled loose and warned Cumber to let him alone. Cumber resented what he termed resisting an officer and belted Shepard in the mouth, causing his nose to bleed profusely and laying him out for the time being. Cumber had a rather bad record and Mayor Waddell gave him a straight sentence of 30 days on the roads because of the aggravation of the offence. Rev. J. P. King was present to speak a word for the young man, but when he heard the testimony, he said nothing further than that the Cumber was employed by him.

Rachel Roberts, Julius Askins, vagrants, and Membel Davis and Z. P. Pollock, all colored, and charged with drunkenness, were given 30 days each. Frank James and Annie Merritt, both colored, charged with carrying a concealed pistol, with which they tried to intimidate another negro at a house in Kellog's alley, were sent over for trial at next week's term of Superior Court.

At the Hospital This Evening.

On account of the opening of the new annex to visitors from 3 to 5 o'clock this afternoon, the Consolidated Company will operate cars to the James Walker Memorial Hospital, leaving Front and Princess streets, every half hour from 3 to 5, and leaving the hospital at the same intervals between 3:15 and 5:15 P. M. On account of the graduating exercises of the school for trained nurses tonight, a special car for the hospital will leave Front and Princess streets at 8:30 o'clock, and return after the exercises.

Odd Fellows' Memorial.

The annual memorial exercises of the I. O. O. F. in Wilmington at the First Baptist church Sunday night were largely attended and thos who attended, heard a very fine discourse by Pastor Hale. Members of the four lodges in Washington assembled at the hall of Cape Fear Lodge and attended the service in a body. Eight members of the order who have passed away during the year were David Pratt, Jno. R. Mahoney, A. C. Ezzell, James D. Smith, Jno H. Gore, W. A. Little, N. M. Hunt and R. E. Presson.

THE FEDERAL COURT

Spring Term for Wilmington Convened and Recess Taken Yesterday Morning

THE DOCKET A HEAVY ONE

Sessions Will Be From 9 A. M. to 2 P. M. Daily—Prisoners Brought Down From Upper Counties—Cases Set for To-Day.

The Spring term of the United States District and Circuit Courts at Wilmington, which was postponed from May 1st on account of Judge Purnell's having been designated to sit as a member of the Circuit Court of Appeals at Asheville, was convened at 10:30 o'clock yesterday morning in this city, but in the absence of Judge Purnell, who did not arrive from Raleigh until last evening, an adjournment was taken until 9:30 o'clock this morning. There were present upon the convening of court yesterday the clerk, Mr. S. P. Collier, Deputy Clerk James K. Collier, U. S. District Attorney Harry Skinner, Assistant District Attorney J. A. Giles, U. S. Marshal H. C. Dockery, Mr. J. T. Sharp, office deputy marshal, and many other deputies and commissioners. George R. Bate, J. M. Edwards and John H. Brown were sworn in as bailiffs. Mr. Geo. D. Parsley was present in his capacity as official court crier.

The docket for this term embraces 80 odd cases, some of which are important as noted Sunday. Judge Purnell has been engaged continuously since April 17th and has announced that, upon the advice of his physicians, he will 'take things easy" for the Wilmington term. Sessions of the Court will be held daily only from 9 A. M. to 2 P. M., until the business of the term is disposed of. He also announces that motions by attorneys will be heard and argued only in open court and that there will be no proceedings in chambers. The Judge is very much in need of rest, and accompanied by Mrs. Purnell, daughter, and little son, will spend much of his time at the beach.

According to the schedule of the docket, cases from Columbus and Cumberland will be heard to-day or until completed; Robeson on Wednesday; Brunswick, Sampson, Pender and Bladen on Thursday; Richmond, New Hanover, Scotland and Duplin, on Friday.

A number of prisoners were brought down from the upper counties yesterday and lodged in jail for trial at this term. Deputy Marshal J. A. Colvin brought five colored and three white defendants from Fayetteville; Deputy H. C. Reece, of Maxton, brought down Moses Johnson, colored; Deputy Isham Stone, of Lumberton, brought two white and one colred prisoner, and Deputy Council Meares, brought down two colored defendants from Whiteville.

It is thought that with the brief daily sessions of the court, it will require two weeks to clear the calendar.

MRS. EGERIA APPLEGATE.

Wife of Well Known Citizen Passed Away at Hospital.

Friends in Wilmington and elsewhere will hear with keen regret of the death of Mrs. Egeria Applegate, wife of Mr. F. A. Applegate, of the firm of Thrope & Applegate, which occurred at 11:40 o'clock Sunday morning following an operation some days ago. Mrs. Applegate was held in the highest esteem by all who enjoyed her acquaintance and the numerous friends of the deeply bereaved husband extend to him their heartfelt sympathy.

The funeral was conducted at 4:30 o'clock yesterday afternoon from the family residence, No. 221 South Front street, by the Rev. A. D. McClure, D. D., pastor of Saint Andrew's church, and the remains were laid to rest in Oakdale. The pall-bearers were Messrs. John Branch, W. C. VonGlahn, M. Cronly, Walker Meares, T. F. Bagley and George R. French.

W. L. I. Memorial Service.

While the attendance was not so large as it should have been, the W. L. I. memorial service in Saint James' church Sunday evening at 6 o'clock was very pretty and impressive. The company attended in a body and in uniform and paid loving tribute to their departed comrades. The address by Rev. R. W. Hogue was beautiful, and especially appropriate. He was listened to attentively by all in the church.

Pass Upon Liquor Licenses.

A call was issued by Mayor Waddell for a meeting of the Board of Aldermen last night to pass upon applications for liquor licenses for the six minths ensuing July 1st, but yesterday it developed that not more than half the dealers had prepared their applications for renewal, and the meeting was called off until sometime next week, so as to give further time.

Will Wed This Evening.

The marriage of Miss Elizabeth C. Cotchett, daughter of Mr. Geo. P. Cotchett, and Mr. Edwin Anderson Metts, will be celebrated at 5:45 o'clock this evening at the home of the bride's father, No. 11 North Eighth street. Rev. R. W. Hogue, rector of Saint James' Episcopal church, will officiate.

ECHOES FROM REUNION.

Gen. Metts and Others Back from Louisville Gathering.

Brigadier-General James I. Metts, of the Third Brigade, U. C. V., Captain. J. R. Williams, Mr. E. A. Brown and Mr. R. E. Cox, have returned from Louisville, Ky., where they attended the great Confederate reunion last week. They are open and enthusiastic in their praise of the hospitality of the Louisville people, and speak of the meeting as a great one.

General Metts says there were 335 registered at North Carolina headquarters, including 12 Cherokee Indian veterans, who attracted much attention. The State was represented by the only Veterans' drum corps at the reunion and the North Carolina division in the parade was given an ovation all along the line. The Charlotte veterans were conspicuous for the hornets' nests which they carried and were loudly cheered. Of the North Carolina veterans, Hon. H. A. London, of Pittsboro, was honored with the chairmanship of the committee on credentials and General Metts was named on the committee of resolutions. North Carolina headquarters were well located, and it was a favorite with the sponsors, who gathered and sung with much sweetness "Carolina," and other patriotic airs. General Metts says some of the lessons that should be learned from the reunion just ended is to avoid the long marches and the long waits during formation. It works a great hardship on the veterans, wearying them beyond reason even before the procession starts.

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:
FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00
Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.
This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.
No name will be entered on our books under this offer unless the order is accompanied with the cash.
While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.
On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.
Sample copies mailed free to any address.
Note the conditions of this offer carefully to avoid mistakes.

SOMETHING DOING AROUND CHARLOTTE.

There are developments of a vast character around Charlotte. We say around Charlotte for the Queen City is the storm centre of the great electrical development of the Catawba river. Judging from the way the beautiful Catawba is being harnessed up to furnish electrical power for Charlotte and the surrounding country, we should think that Charlotte will have to change from the Queen City to the Electric City.

In addition to the plant of the Catawba Power Company near Charlotte, we learn from the Observer of yesterday that there is to be still greater development by Dr. W. Gill Wylie, of New York, and his associate capitalists. Says the Observer:

"The plans are now nearly perfected for the development of the water power at the Great Falls, on the Catawba, near Chester and Winnsboro. At this point properties have been gotten together extending up and down the river for a distance of eight miles, controlling 173 feet fall. This power will be developed in units, one-third its total capacity; each unit will give from 25,000 to 30,000 horse power. At one of the points the developments can be quickly and cheaply made. This work will be undertaken without further delay and can be finished from within a year to 18 months, according to the flow of the river. It is the idea of those interested to put power into Gasotnia and considerably more power into Charlotte. Connection will be made from the Great Falls to the Catawba Power Company's plant in such a way that any of the plants can be run in co-operation with any other. The main line will carry the current at 44,000 volts.

"The same people also own the Wateree water power, near Camden, and when the three new developments are completed at the Great Falls, then the Wateree power will be developed for 25,000 or 30,000 horse power. Taking the five developments together, viz.: the Catawba Power Company's plant, near Rock Hill, the three new proposed developments at the Catawba Falls; and the developments of the Wateree power, near Camden, all of which are within 40 miles, there will be a power of 110,000 horses all told.

"This power, on the basis of 30 spindles per horse power on coarse goods, would operate 3,300,000 spindles; on a basis of 40 spindles per horse power on fine goods, it would operate 4,400,000. This is on a basis of the minimum flow of the river, and if the average flow should be considered and the value of the storage basins should also be considered, these developments when completed would operate 5,000,000 spindles. Of course all this power will not be used for running cotton spindles. Part of it is already in use in Charlotte for lighting the city, for running machine shops, and for all sorts of manufacturing interests. The company expects to bring its wires and currents this way to a very large extent. The plans are not yet completed, but it may be arranged to carry power to Columbia and Charleston. Of course Winnsboro, Chester and Rock Hill will get an ample supply for all their needs. Lancaster and Monroe will also come in for power from these developments. Charlotte and Gastonia will make the principal points of distribution from this section, but the power will be supplied wherever it may be needed within the vicinity of Charlotte. The high pressure mains will be run to Charlotte and Gastonia so that from these points power may be distributed in any direction in the neighborhood."

RICH BURLESQUE.

Al Fairbrother, the genius who conducts "Everything," a unique and entertaining magazine, at Greensboro, played a great joke Saturday on Congressman Blackburn, party of the first part, and his associates, parties of the second part, who have been talking about publishing at Greensboro the Daily Tar Heel (strenuous Republican), and also on former Senator Marion Butler and Republican State Chairman Rollins, et al., who are doing about to get ahead of the aforesaid Blackburn by getting out a sheet to be called the Daily Industrial News (Republican . on thes ly.) Fairbrother laid for the crowd, and on Saturday had the Greensboro people whooping over a fake paper which greeted an unsuspecting public as "The Daily Tar Heel and Industrial News." Col. Fairbrother's name appeared as editor of this great double-barrel Republican organ, and that was sufficient to make everybody know that they were up against a genuine good joke.

Col, Fairbrother got out his joke edition in regulation newspaper style and in his salutory announced it was on the turf "in response to ten thousand demands," and that he would start several more papers in Greensboro this Summer, if he feels like it. However, he announced that "The Daily Tar Heel and Industrial News" was "a child of the night," "like Jonah's gourd" and with the one issue, thanking his advertisers and subscribers, he made his "bow, which is a double-header, answering for our estrance and exit." "No, Pauline," the editor says, "we have not come to stay."

It was a one night stand paper which Col. Fairbrother got out but the "dispatches," and "hot stuph" which it contained was on a style to shake a laugh out of a mile stone. Here is his valedictory, appearing simultaneously with his salutatory: "It is to be sincerely hoped that the Democratic papers which have been intimating that The Daily Tar Heel and Industrial News would never appear, will now hold their yawps. It has appeared and disappeared."

CURRENT COMMENT.

—The managers of the Atlantic and North Carolina railroad are offering to give strawberry plants to farmers along its line in order to induce them to engage in the industry, but they should have nothing to do with it. If they should be successful the railroad might be benefited.—Durham Herald.

—Scratch a man who is always talking about the need of toleration in North Carolina, and nine times out of ten you will find a man who votes a Republican or scratched ticket, and who believes there can be no toleration until a majority of the people of North Carolina vote as he does.—Raleigh News and Observer.

—Colonel A. B. Andrews and others Thursday incorporated a company to build a line of railroad from Marion to Johnson City, Tenn. It looks as if these mountains would finally be pierced and a through line to the coal fields established. A look over the ground, however, will convince one that it will take a good deal more than a charter and a right of way to put trains through.—Charlotte Observer.

With 110,000 horse of water-power in process of development just to the South of us, on the Catawba, at the Great Falls, and 52,000 horse-power also being developed at the Narrows of the Yadkin, and the electric pole lines all heading for Charlotte and her neighboring towns, there seems fair promise for this and our sister towns. The total, 162,000 horse-power, is enough to run all the spindles now in the South and have power still to spare.—Charlotte Chronicle.

—There is to be another effort to put a beacon light off the Diamond Shoals at Hatteras. It has not been very long since $50,00 was sunk very suddenly there in a like effort. The caissons had already been gotten into position when a storm arose and in a short time had obliterated all traces of the work. We hope that the con tractor, Mr. Eels will be more successful this time. If he can fix a stable lighthouse at the Diamond Shoals he will not only confer a great boon upon seamen; but will thereby erect for himself a lasting monument.—Washington Progress.

—Booker Washington's daughter, Portia Marshall, was graduated at Bradford Academy, Haverhill, Mass., this week. A report sent out from the academy, evidently intended as an advertisement for that institution, tells us that "Booker Washington's daughter is the first negress who has ever received a diploma from the institution, which is one of the oldest seats of learning in this country. She has during the past four years been one of the most popular scholars at the academy, having been shown every attention by her fellow-pupils and there having been no distinction made in regard to her race. She took a special course in music during her course and will shortly go abroad, where she will study music for a year at Berlin. Her father was one of the principal guests at the graduating exercises." Only a Massachusetts institution could have sent out a bid for patronage of this kind.—Charlotte Chronicle.

TWINKLINGS.

—Spiteful—Patience—She's got a lot of color to-night. Patience—Fully a dollar's worth, I should say.—Yonkers Statesman.

—Why is young Mr. Skiggs such a great social favorite?"—"He can eat anything that ever came out of a chafing-dish and act as if he enjoyed it."—Washington Star.

—"Very well, sir," said Dr. Quick, after his quarrel with the undertaker. "I'll make you sorry for this." "What are you going to do?" asked the undertaker, "retire from practice?"—Philadelphia Press.

—Tess—I actually believe some man is calling upon Miss Passay. Jess—The idea! What makes you think so? Tess—I notice that instead of fastening her belt with ordinary pins as she used to she's now using safety pins.—Philadelphia Press.

"Yes," said the barber's wife, "my husband has just opened his new tonsorial parlors." "Indeed?" exclaimed the blacksmith's wife. "My husbands's getting prosperous, too. He's having extensive "Farriers' Parlors' built where his old blacksmith shop stood."—Philadelphia Press.

—A learned clergyman was talking with an illiterate preacher who professed to despise education. "You have been to college, I suppose?" asked the latter. "I have, sir," was the curt answer "I am thankful, said the ignorant one, "that the Lord has opened my mouth to preach without learning." "A similar event occurred in Balaam's time," was the retort.—Harper's Weekly.

COTTON MARKETS.

New York, June 19.—The cotton market was moderately active with sentiment unsettled and fluctuations irregular. Final prices showed a net loss of 5 to 8 points. The opening was firm in an advance of 6 to 10 points in response to higher cables than expected and a renewal of local bull support. But offerings, being encouraged by favorable weather, expectations of a bearish weekly report at noon tomorrow and reports that the demand from spot shorts in the South was decreasing were heavy at the advance, and prices soon began to work lower. There were several rallies during the later trading, one of them carrying the market back to about the high point of the morning, but the close, while steady in tone, was at just about the lowest of the session. Sales of futures were estimated at 350,000 bales. Private crop accounts continue more or less conflicting but the most general opinion appears to be that while high temperatures may be doing some damage, the crop as aw hole is improving. In spite of the reports of a less active demand the Southern spot markets as officially reported were unchanged to 1-8c higher and interior ports are said to be willing to sell at full prices only.

WILMINGTON'S COMMERCE.

Manufacturer's Record Has An Interesting Reference.

The past week's issue of the Baltimore Manufacturer's Record contains the following very flattering notice of Wilmington's commerce in connection with the annual report of President J. Allen Taylor, of the Chamber of Commerce:

"The annual report of President J. A. Taylor of the Wilmington (N. C.) Chamber of Commerce presents a cheerful view of commercial conditions in that city. It dwells upon the trucking interest, representing shipments in what is known as the Wilmington zone valued at $5,000,000; upon the growth of population, estimated at 50 per cent. in the past five years, with a steady appreciation of real estate values, and an increase during the past year of $450,000 in savings banks deposits, and upon the prospects for the city in the repeal of the compulsory pilotage laws of the Cape Fear river, the continuous appropriation by Congress for river and harbor improvements, the promise of a great coaling station at Southport and the shaping of plans for the inland waterways. A comparative statement of the volume of business done at the port shows a decrease as to cotton, due to the greater value of cotton in 1903 than in 1904, but substantial increases in groceries, dry goods, fertilizers, lumber, naval stores, shoes, hardware, etc."

CURE YOUR KIDNEYS

Do Not Endanger Life When a Wilmington Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy, or Bright's disease sets in. Read this Wilmington testimony:

"B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pains in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Doan's Kidney Pills recommended, I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Trial bottle free. **

Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c. **

REAL ESTATE TRANSACTIONS.

Transfers Which Appear From Deeds Filed For Record Yesterday.

From deeds filed for record yesterday, the following real estate transfers appear:

Thos. P. Bagley to Chas. E. Taylor, Jr., for $1,250, property on south side of Orange street, 41 1-4x110 feet in size.

Edward H. Kidder, of New York, and Gilbert P. Kidder, of Seattle, Wash., to the Atlantic Coast Line Railroad Co., for $10, a strip of land 100 feet in width, being a part of the right of way of the old Wilmington, Onslow and East Carolina Railroad.

DeLancy Evans and wife to D. L. Gore, for $1,000, property on north side of Brunswick, 82 1-2 feet west of Sixth street, 41 1-4x66 feet in size.

She—If somebody left us $1,000,000 what is the first thing you would do?

He—There'd be no further need in such a case of doing anything or any body.—New York World

A Curious Wedding Present.

Among the Bruss river tribes of west Africa when a young couple get married it is the custom for the oldest member of the bride's family to present the bride with a plot of ground six feet long. This is for the grave of her family and herself when they die.

The first member of the new family who dies is buried about twenty feet below ground and the next one almost sixteen feet, and this goes on until all the family die and are buried. The grave holds them all, and this, they think, prevents them from being separated.

This grewsome wedding present is the one most valued by the bride, the favorite native saying being, "When all other things are gone this remains."

An Anecdote of Ben Wade.

In the early winter of 1861 bluff Ben Wade, the Ohio senator, is credited with saying, "When Chief Justice Taney was ill I used to pray daily and earnestly that his life might be preserved until the inauguration of President Lincoln, who would appoint a Republican chief justice, but when I saw how complete his recovery was and how his life was prolonged I began to fear that I had overdone the business!"—L. E. Chittenden's "Personal Reminiscences."

Presents In Japan.

The foreigner should beware of making presents to any Japanese girl unless he is bent upon matrimony. To present her with any sort of a gift, even though it be only a posy, will be regarded as a proposal of marriage, and to accept the present, though not a word of love or matrimony be passed, is a sign that she accepts you. Gallant Americans have got into serious trouble and found it necessary to leave the country at night to escape a binding engagement which they thoughtlessly incurred by giving to a maiden some trifle.

Her Attractiveness.

Mr. Nervey—Miss Roxley, I adore you. Will you not be my wife?

Miss Roxley (haughtily)—The idea of your proposing to a girl in my station! You should know better.

Mr. Nervey—I do know better, but no richer.—Philadelphia Press.

We are all clever enough at envying a famous man while he is yet alive and at praising him when he is dead.

How to Make Frozen Fruit Cup.

A frozen fruit cup comes as a pleasant and delicate bit of coolness after the Christmas plum pudding or mince pie. Serve in thin glasses. Fill each about three-fourths up with lemon, orange or raspberry ice and pour over the ice one tablespoonful of kirsch, maraschino, etc. Then arrange very thin slices of banana and malaga grapes, cut in half, seeded and skinned, on the tops.

Recovered.

"Did your husband recover after his railway accident?"

"No," replied the widow, "but I did—$30,000."—Houston Post.

SPIRITS TURPENTINE.

—Mr. George W. Vanderbilt, of Biltmore, is arranging for the construction of a lake at Biltmore to cover 10,000 acres.

—At a meeting of citizens, of Sanford, last week, the board of aldermen were instructed that it was the sense of the meeting that the town government purchase the electric plant of the late A. F. Spencer. It is said that this plant, which is worth $19,000 can be purchased for $6,000 or $7,000.

—The Dixie Brew Company, of Charlotte, with $50,000 authorized and $15,000 paid in capital stock, has been chartered by the Secretary of State The object of the company is to manufacture non-intoxicating drinks and beer. The incorporators are: W. R. Elliott, of Charlotte, and W. T. Gatlin and C. V. Rainey, of Atlanta.

—At Concord Friday night Mr. T. C. Peeler, a merchant of that city, had $200 stolen from him at his residence. He had the money in his trouser pockets and the pants placed near his bed and some burglar entered the room and took the money, hung the pants on the window screen and left. There is no clue to the identity of the burglar.

—Eldridge Person and Oscar Holmes, both colored, were lodged in jail at Salisbury early Saturday morning on the charge of burglarizing the home of Mr. John Rary. The Rary home was robbed of a small amount of cash and the burglars were seen making their escape. Mrs. Rary positively identified the negroes as the ones seen in her room.

—The Flea Hill Drainage Commission is arranging for the drainage of Beaver Gum Log and Flat swamps. Cumberland county, comprising an area of something over 36 square miles, or 22,000 acres of land, involving an expenditure of $12,000. The swamps will be drained into the Cape Rear river by canalization. A. L. McCaskill, of Fayetteville, is chairman of the commission.

—The lumber industry in the section of Newbern, is being constantly developed. Many lumber barges, at leach five, and sometimes as many as fifteen a day, are towed into the port. The empty ones go to the country around the lower sounds and load Carolina pine for Northern markets, which they reach by way of the Dismal Swamp canal. The usually steady lumber trade of the lower sounds section was seriously interrupted by ice last winter, and special arrangements are causing the unusual activity at the present time.

—Wadesboro special to Charlotte Observer: "In the election held in Wadesboro township to-day on the proposition to vote $25,000 bonds in aid of the Winston-Salem Southbound, resulted in a large majority in favor of bonds—390 voted for the subscription and three against. Elections were also held to-day in Ansonville for $10,000, and Morven, $15,000, both of which resulted in favor of bonds. The surveyors of the Southbound completed the survey to Wadesboro today and reported having obtained a very satisfactory grade through this county.

—The Trenton correspondent of the Kinston Free Press says that it is now certain that Trenton is to have a railroad. It will run from New Bern to Richlands by way of Trenton and Comfort. The line survey from Comfort to Trenton has already been made. They are now surveying from Trenton to New Bern to get a line. The road will be owned by the Goldsboro Lumber Company, of Dover, which will operate mills at Newbern. Passenger and freight service will be accorded the people along the line. People are already showing their appreciation by giving right of way.

—Edward W. Overbaugh, of Fayetteville, one of the most popular young men who traveled out of New York, died at a hospital at Fayetteville at 6:30 Sunday afternoon of Bright's disease, aged 41. He arrived there two weeks ago from New York, and, not feeling well, entered the hospital. It was at once seen that his case was hopeless. He resided at Charlotte for a number of years as clerk at the Central Hotel. He is survived by two sisters, Mrs. W. S. Jessup, of New York, and Mrs. J. T. Gibbs, of Durham, and Mr. I. P. Overbaugh, of Fayetteville. The funeral will be Tuesday morning.

—Washington (D. C.) correspondence of Charlotte Observer: "Dr. Cyrus Thompson, of Onslow, ex-Populist Secretary of State, and now a Roosevelt Republican, has been offered the editorship of the proposed daily, The Industrial News, at Greensboro. This Statement is not made authoritatively, but the report comes from a trustworthy source that Dr. Thompson is being besought to take the position. However, he has regained his practice of medicine in Onslow, has a farm there, and it is by no means certain that he can be prevailed upon to move to Greensboro. The promoters of the paper are mostly from the West, and they deem it specially wise to have an eastern man as editor."

—Charlotte Chronicle: Every day shows the resources of this piedmont region to be larger than had been conceived before. Yesterday we were boasting of the magnitude of the Catawba Power Company's plant of ten to fifteen thousand horse-power. Today the story is of 110,000 horse-power from the Catawba and 52,000 from the Yadkin, and the best of it all is that Charlotte is the central and commercial point of an area within which this power must be used. As has been pointed out this power is enough to run as many more spindles are are already in operation south of the Potomac. The work of construction alone will give employment to many men and the total investment will reach into the millions. Who would have ever though twenty years ago of such things for these old piedmont hills?

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c. at R. R. Bellamy's drug store. **

WASHING WITHOUT WATER

Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co. Detroit, Mich.

WARM WIRELETS.

At a meeting of the board of trustees of the Vanderbilt University at Nashville yesterday Bishop R. K. Hargrove tendered his resignation as president. No action was taken. Bishop Charles B. Galloway, of Mississippi, is mentioned as probable successor to Bishop Hargrove.

Despite Governor Folks' order to the sheriff of St. Louis county directing him to arrest all principals and accessories found violating the anti-betting law which went into effect last Saturday, no arrests were made yesterday at the Delmar race track, St. Louis, although six so-called bookmakers did a fair business. A deputy sheriff was present until after the last race.

Two persons were killed and thirty-six wounded in a conflict between troops and socialists at Lodz, Russian Poland, on Sunday. A procession of 2,000 socialists carrying red flags was stopped by Cossacks. The socialists fired and the Cossacks replied and then charged with drawn swords into the thick of the procession.

WARD HEELERS NOT WANTED.

Republican City Ticket Must Be Taken Down.

By Wire to The Morning Star

Philadelphia, June 19.—The Republican City Campaign Committee held an unusual meeting today to consider a demand from citizens that the party ticket to be voted for in November be changed. At the conclusion of the meeting, which was secret, it was announced that a sub-committee had been apointed to meet a similar committee from the "Committee of 21" as the citizens who signed a letter to the city committee demanding a new ticket have been designated. The committee was also empowered to see the candidates and endeavor to induce them to withdraw.

To-day's action is the result of a letter written on June 13 and singed by 21 Republicans more or less prominent in local business affairs urging leaders to co-operate in naming a new ticket that would have the confidence of the Republican voters of Philadelphia. The candidates who are asked to withdraw are "ward leaders" of the Republican organization and as such were active in pushing through councils recently the legislation extending the United Gas Improvement Company's lease of the gas works.

The commission apointed to examine the work done on the Northeast boulevard that will cost millions of dollars and which is being constructed by D. J. McNichol and Company, of which State Senator J. P. McNichol and Insurance Commissioner Israel W. Durham are members, has made a report that the work already done on the boulevard "has not been done in accordance with the contract and specifications at points examined by us."

THE NATIONAL GUARD.

Gen. Macon Appointec on Committee to Draft Bill.

By Wire to The Morning Star.

St. Paul, Minn., June 19.—Assistant Secretary of War Robert S. Oliver and party, including representatives of the army and navy and marine corps, arrived in St. Paul today to attend the meetings of the Inter-State National Guard Association. When the convention was called to order today a number of addresses were made, after which Mayor A. D. Kniskern, of the subsistence department of the Department of the Lakes, read an exhaustive paper on the subsistence problem as related to the National Guard.

The executive ocmmittee report in favor of the appointment of a committee of one from each State represented in the convention to draft a bill along the lines of the so-called Dick bill. The report was adopted, the committee named including the following: North Carolina, General F. A. Macon; South Carolina, General John C. A. Frost. Twenty States are represented in the convention.

The annual race from Dover to Heligoland was won by the schooner yacht Susanne, owned by Obuldschinsky, of Germany. Time forty hours, 43 minutes, 40 seconds. The yawl Therese owned by Felix Simon, of Germany, was second and the American built schooner yacht Nevahoe, owned by George W. Watjens, of Germany, was third.

OFFICER'S SENTENCE.

War Department to Review Major Carrington's Case.

By Wire to The Morning Star.

Washington, June 19.—The proceedings in the case of Major F. deL. Carrington, tried by court martial in the Philippines, have arrived at the War Department for review by the President. Major Carrington was in charge of the battalion of Philippine scouts at the St. Louis exposition and his trial was based on charges of misappropriation of funds and the duplication of accounts. The court sentenced him to dismissal. Carrington was tried by the civil authorities of the Philippines and sentenced to sixty years and five days imprisonment.

MORE CHARGES AT RALEIGH.

Rogers and Sorrell To Be Tried for Another Offence.

By Wire to The Morning Star.

Raleigh, N. C., June 19.—Today another step was taken in the case of J. R. Rogers and J. P. Sorrell, now in jail here for contempt of court in seeking to influence two jurors to "help Kilgo" in the suit brought against President Kilgo, of Trinity college, and B. N. Duke, of the American Tobacco Company, by Rev. T. J. Gattis for malicious libel. Judge Moore has filed papers charging Rogers and Sorrell with embracery and on their serving thirty days, their present sentence, they must give bond of $100 each for trial in September on this charge.

FAST RAILROADING YESTERDAY.

Lake Shore Made 53 1-3 Miles Hour to Chicago.

By Wire to The Morning Star.

New York, June 19.—The Twentieth century limited train on the New York Central railroad, arrived in this city from Chicago at 9:27 A. M. today three minutes ahead of time. It left Chicago at 2:30 P. M. (Central) time) yesterday and made the run in 17 hours and 57 minutes. This was the Twentieth Century's first trip as an 18 hour train. The average running time including stops was 53 1-3 miles an hour.

ARMIES BATTLING, PEACE HOVERING

Disquieting Rumors in St. Petersburg that Japanese Noose Around Russians

NEW WAR SPIRIT IN RUSSIA

Efforts to Dissuade Czar From Making Peace—While Peace Arrangements Are Progressing Fighting Occurs Daily—No Truce.

By Wire to The Morning Star.

Washington, June 19.—Kogoro Takahira, the Japanese minister, called at the White House today to inform the President that the Japanese plenipotentiaries would be able to reach Washington the first part of August, if it was deemed desirable for them to be here by that time. The personnel of the mission has not yet been announced. When the President returned to the executive offices, after receiving Mr. Takahira, he found Count Cassini, the Russian ambassador awaiting him.

The information brought by the minister was communicated to the ambassador who is cabling his government tonight to find out when the Russian mission will arrive. When this is known it will be possible to decide upon a date for the conference. The general belief is that it will convene about the middle of August.

As has been reiterated in these dispatches Japan will not ask for an armistice, insisting that the invitation must come from Russia.

No New Peace Developments.

Washington, June 19.—Practically no new developments were observable today in the negotiations for peace between Russia and Japan. President Roosevelt for a day or two, has been deeply engrossed in other matters, and while he has not for a moment lost sight of the arrangements for bringing together the Far Eastern belligerents, he has realized fully that the next move in the great game of diplomacy now being played was with the contending nations themselves. That move is the selection of the envoys to represent them at the Washington conference.

Both Minister Takahira, of Japan, and Ambassador Cassini, of Russia, called on the President this afternoon. Neither would discuss his interview with the President. It is known, however, that they were not of great importance. Each of the diplomatists presented to the President official advices from his government expressive of the satisfaction felt at both St. Petersburg and Tokio over the selection of Washington as the seat of the peace conference.

Whether the conference will actually sit in Washington or not, has not been determined, of course, as that is a detail which will be left to the envoys themselves by their respective governments. It is said that no decision will be reached on that point until the conferees meet here and organize. If the weather in Washington at that time should be unfavorable to continued sittings in this city it will lie within the authority of the plenipotentiaries to adjourn to some other city.

During the past few days the President has received as many as a hundred letters suggesting various cities in the country as desirable places for holding the conference. It can be said that the President will not permit himself to be drawn into the discussion of this subject and the government will not attempt to interfere in any way with the choice of the conferees of a place of holding their conferences. It is regarded as probable that this city will be at least, the scene of the beginning and the ending of the conference, although the intervening sessions may be held elsewhere. It will be known in diplomatic history, therefore, as already stated, as the "Washington Conference," and the convention, if one be formulated, will be the treaty of Washington.

All Night Battle.

Lidiapudzy, Manchuria, June 19.—The Japanese are advancing from the centre and westward and are driving in the Russian extreme right at Liao Yang Chung Peng Saturday night, flanking the Russians out of position after a night long flight. The Japanese force consisted of an infantry division, four batteries of artillery and thirty squadrons of cavalry. General Mistchenko's cavalry subsequently retrieved some of the lost ground. During Mistchenko's operations Prince Frederick Leopold, of Prussia, representing Emperor William with the Russian army, receive his baptism of officer.

According to information received at headquarters the Japanese are moving northwest from Korea in three columns which include 50,000 infantry and corresponding forces of cavalry and field and mountain artillery. These columns are heading for Chutsami, Kmesan and Kenshan, to complete the line of Oyama's army stretching from the Mongolian frontier to the Sea of Japan.

Hostilities in Manchuria.

St. Petersburg, June 19.—General Linevitch under date of June 17 telegraphed to the Emperor as follows:

"From 2 A. M. until 8 A. M., June 16 our force engaged in the neighborhood of Liao Yang Wopeng a Japanese force consisting of infantry and two batteries of artillery which approached from the South to about five miles of Liao Yang Wopeng. Our detachment southward checked the offensive movement and the Japanese retired.

"At about 8 A. M. a turning movement on the left flank executed by a battalion of Japanese infantry and three squadrons of cavalry were also reported. Our right flank was turned by a regiment of infantry, several squadrons of cavalry and some artillery. The commander of our detachment consequently was forced to evacuate Liao Yang Wopeng and a Japanese force entered Liao Yang Wopeng with a division of infantry, thirty squadrons of cavalry and four batteries of artillery. Three Japanese squadrons occupied Simiencheng but our detachment forced them to evacuate the place.

"At dawn today a company of Japanese infantry resumed the offensive eastward of the railway, but were dislodged by a detachment of volunteer sharp-shooters.

"According to reports from Korea, the enemy is advancing in the direction of Kong Cheng and Munsan."

Telegraphing June 18 Linevitch said there had been no change in the situation.

Capture and Recapture.

Headquarters of the Russian Army, Godzyadani, Manchuria, Sunday, June 19.—The Russian cavalry have retaken the town of Liao Yang Wopeng.

The Japanese occupied the village of Sumiencheng on the main road to Chang Tufu and Mamakai in the morning of June 16, but they did not succeed in crossing the river. At 3 in the afternoon the Russians recaptured Sumiencheng, three squadrons of Japanese retiring in a southwesterly direction.

Serious News for the Russians.

St. Petersburg, June 19.—No confirmation has been received here of the report from Godzyandani of June 17 that negotiations for an armistice had been begun between Field Marshal Oyama and General Linevitch. On the contrary, the latest news from the front leaves little doubt that Oyama's columns are in motion and disquieting rumors are current here regarding the position of the Russian army, according to which Oyama has succeeded in pushing both his flanks far forward respectively opposite Kuanchengtsu and Kirin whence he can draw a noose around the troops below this line.

No Surrender Talk.

St. Petersburg, June 19.—(Midnight.)—The war party has by no means surrendered. On the contrary, backed by the military element, it is making a concerted effort to dissuade the Emperor from concluding peace. Even with the two armies already clinching, members of the war party are filling St. Petersburg and Peterhof with optimistic views and Lieutenant General Linevitch and his lieutenants are reinforcing their arguments with roseate reports of the strategic situation. Many Russian correspondents at the front, evidently inspired from St. Petersburg are flooding their papers with despatches in the same strain.

Japan's Terms Moderate.

St. Petersburg, June 20.—2 A. M.—Japan's terms of peace according to an interview had by a correspondent of the Novoe Vremya, with a member of the Japanese embassy at Vienna, will prove to be moderate and will be based on the propositions made in the Japanese note on the eve of hostilities with the adoption of an indemnity covering the cost of the war. Japan will not insist on humiliating terms, such as the cession of the island of Sakhalin, the disarmament of Vladivostok or the limitation of Russia's naval rights in the Pacific, but will insist on guarantees against the renewal of the war for half a century at least. The diplomat is quoted as saying that Japan wishes to live on terms of friendship with Russia in the future and is not disposed to make over-harsh stipulations.

THE CZAR OF RUSSIA IS BOLDLY APPROACHED

Zemstvo Deputation Call of Nicholas and He Listen to Long Plain Speech.

St. Petersburg, June 19.—Emperor Nicholas received the Zemstvo deputation today. The reception took place at noon in the Alexander palace at Peterhof. Prince Troubetskoy, president of the Zemstvo congress of the Moscow government, in behalf of the Moscow delegation addressed the Emperor in a long speech in which he described the serious conditions existing in Russia which have caused the Zemstvos to approach his majesty directly. The Emperor evidently was much impressed. M. Fedoroff representing the St. Petersburg delegation also spoke. His majesty replied expressing deep regret at the great sacrifices consequent on the war and above everything at the disaster to the Russian navy. In concluding the Emperor said:

"I thank you, gentlemen, for the sentiments expressed and I join in your desire to bring about a new order of things. My personal wish and my will as Emperor to summon a national assembly is unshakable. I await with anxiety the carrying out of this my will. You can announce this to the inhabitants of the towns and villages throughout Russia and from today you will assist me in this new work. The national assembly will establish as formerly a united Russia and the Emperor will be the supreme support of the conditions based on the principle of Russian nationalism."

Upon completing his remarks the Emperor graciously greeted the individual members of the delegation, shaking hands with them and having a few cordial words for each, even such radicals as M. Petrunkevitch, president of the Moscow agriculture society, who has spent many years in exile as the result of his liberal views, M. Rodicheff and Prince Shakoffskoy, known as the "Anarchist Prince," being greeted without the slightest evidence of imperial displeasure.

The fact that the Emperor not only received the bold, plain spoken address without so much as an indication of disapprobation but expressed full sympathy with the efforts to ameliorate the deplorable state of affairs depicted therein and in the most direct and explicit fashion renewed his promise to summon the representatives of the people, made the deepest impression on the delegation.

PANAMA CANAL TROUBLES.

Chief Engineer Wallace Will Throw Up His Job.

By Cable to The Morning Star.

Colon, January 19.—It was publicly announced that John F. Wallace, chief engineer of the canal zone who sailed for the United States June 16 was going home by order of Secretary Taft for the purpose of a consultation on important matters prior to the sailing of the secretary for the Philippines, and that he was not likely to return to the isthmus until his annual report had been written and he had secured a short rest, which he was unable to take on his last trip owing to pressure of business. Since the departure of Mr. Wallace, however, it has been said in influential circles that he does not intend to return to the isthmus to resume his position of chief engineer, but that he has gone home to confer with Secretary Taft on the subject of his resignation.

THE SECESSION OF NORWAY.

King Oscar Informed That There is No Back Down.

By Cable to The Morning Star.

Christiania, Norway, June 19.—The Storthing today adopted a reply to the long letter which King Oscar sent on June 13 to M. Berner, its president, in the form of an address to the King and the Swedish people. The reply, while expressing the utmost good will, adheres to the action taken by the Storthing in dissolving the union. The text of this reply will be published tomorrow.

London, June 20.—The correspondent of the Standard at Stockholm says that the Swedish conservative papers now openly advocate war. They urge mobilization of the troops and demand the cession of northern Norway as compensation to the Swedish people for the dissolution of the union.

DIED OF SPOTTED FEVER.

Man Who Was Found Dead at Aiken, S. C., Identified.

By Wire to The Morning Star.

Boston, June 19.—A telegram received tonight from Chief of Police Howard, of Aiken, S. C., established the identity of Thomas Nelson Baker of that town who was found dead yesterday under somewhat mysterious circumstances in his room at the south end in this city. When the body was discovered it was entirely naked and on examination showed that the young man had been dead at least two days. The medical examiner announced tonight that death was caused by spotted fever. Baker had been working at the country club at Brookline for the purpose of securing sufficient funds to pay his expenses at the Harvard Summer School.

EUROPEAN WAR MAY BE AVERTED

German Diplomacy Served in Securing International Conference About Morocco

WAR PREPARATIONS BEGUN

Army Corps of Both Germany and France Were Active—Germans Believe Great Britain Wants to Smash Their Navy.

By Cable to The Morning Star.

Paris, June 19.—An international confernce for the consideration of the affairs of Morocco is now practically assured as the result of the conversations between Premier Rouvier and Prince Radolin, the German ambassador, and attention is now directed to defining the scope of the conference. Details are being rapidly arranged and the officials expect to be able to announced the plans for the conference in the course of four or five days.

This result, after the severe strain which tested the diplomatic resources of both governments, has the effect of relieving the tension, the officials of the foreign office and the diplomats of the German embassy agreeing that an amicable adjustment is near at hand.

Although the aceptance of the conference gives a certain measure of success to German diplomacy, yet M. Rouvier emerges from the controversy with the advantage of having brought Germany to exactly define the scope of the conference and so to rid it of the objection of being a menace to French niterests.

A dispatch to the Temps from Metz says that the Sixteenth German army corps is showing less activity than the Twentieth and Sixth French army corps, as the Sixteenth German army corps has been continually on a war footing and is prepared for immediate mobilization. The dispatch says that the inspection of troops has been active on both sides. However, this activity has been less marked recently, as all eyes have been turned toward Paris in the expectation of a favorable result of the diplomatic negotiations.

War Spirit in German Navy.

Berlin, June 19.—No adequate view of the German feeling over the Moroccan situation can oe presented without making note of the very general belief in naval circles that Great Britain is seeking an excuse to check the great progress which is making in the German sea armament. This belief is widely expressed among naval officers of all classes. It is their views that Great Britain would be willing that France should suffer defeat on land if Britain thereby was given a chance to destroy the German navy.

As a result of this feeling there is great activity in the German navy and it has never been so alert or so perfectly ready for defense as now. A plausible explanation of this alarm is that Admiral Tirpitz has been anxious to test the preparedness and speed with which the navy could be placed upon a war basis, and therefore desired that the officers should feel the thrill and stimulus of an imminent action in order to bring out the best in them.

BLOOD CURDLING CONFESSION.

Georgia Negro Implicates White Men in Carter Murder.

By Wire to The Morning Star.

Valdosta, Ga., June 19.—The confession of Alf Moore, arrested for complicity with J. G. Rawlings and Rawlings' three sons, in the assassination of the boy and girl of W. L. Carter, was made public today.

Moore says the older Rawlings employed him and that he and Rawlings' sons went to the Carter home. According to Moore they were to kill the father and mother and eldest son, set fire to the house and kill the children as they ran out.

The boy came out at the sound of the dogs' barking. Moore says one of the Rawlings boys shot him. Carrie Carter started toward him exclaiming: "Buddy are you hurt?" then she was shot. The boy staggered toward her crying "Oh, Lord, they have shot sister."

Then the boy, Moore says, was drawn into the house by his mother. Moore says he heard the boy begging his father for water but the father was afraid to open the door.

Moore says he ran away just as one of the Rawlings boys was about to fire the house to drive its occupants out.

SENSATION IN ROME.

Pope Urges Catholics to Take Part in Politics.

Rome, June 19.—The Pope has issued an encyclical encouraging Catholics to participate in public affairs. While seeking the advice of the ecclesiastical authorities, the encyclical says Catholics should retain complete liberty of action concerning their temporal interests. Members of the clergy are recommended to refrain from participation in party strife.

The encyclical has created a sensation. Its object is to induce Catholics to enter public life so that they may be a force against the threat of socialism.

In the last election for members of the Italian Chamber of Deputies, the participation of the clericals was pronounced, even priests and monks in ecclesiastical robes going to the polls, while in Rome numerous persons attached to the vatican voted against the socialist leader Ferri. This was at the time, as stated in the Associated Press dispatches, considered tacit but definite abandonment of the famous rule of Pope Piux IX., under which Catholics were forbidden to vote at Italian elections.

Into New Business.

Mr. A. J. Burriss, a popular young member of the Wilmington Fire Department, has resigned his position to engage in business for himself. While in the fire service during odd moments, he took up the study of fancy concrete work, and mastered the trade of making all kinds of ornaments and fancy work. He has opened work rooms at No. 916 Dock street, and is prepared to do anything in his line, such as the manufacture of cement blocks for post and fence work. His 'phone is 1192. Mr. Burriss leaves his comrades in the Fire Department with reluctance, and expresses thanks for the pleasant companionship which he enjoyed while in the service.

Baptist Mid-Summer Meeting.

The "Mid-Summer Meeting" of the North Carolina Baptists will take place at Jackson Springs June 27th to July 4th, and the indications are for an unusually large attendance, as these meetings grow in interest each year and are at a most attractive resort. Dr. Hale is on the programme for a number of addresses during the conference, being one of the leaders of the movement. Rev. Len G. Broughton, Dr. E. M. Poteat, Rev. O. L.
